BRASS BEDS.

If all knew the buying advantages they enjoy in this line here we'd be shipping Brass Beds everywhere. The stock is absolutely peerless, and the best idea we can give you of the values is that we are retailing Brass Beds at about what dealers pay for the same grades wholesale. We're enthusiastic about the values we can give you—and justly—for it's a triumph in merchandising to get such goods to sell so low.

A \$38 Brass Bed,
\$26.50.

\$38 is the smallest price that could reasonably be asked for such a bed, if bought as these beds are usually bought. The design shows for itself. It has been one of the best sellers this season.

\$30 Brass Bed,
\$22.50.

Another value of equal importance. A neat, conservative design, swell foot rail—very best lacquer.

McKnew's

Correct Form Suits and Coats.

McKnew's enjoys perhaps the best trade in Washington in Women's ready-to-wear. Our stock is usually consulted by every woman who desires to know what is correct form in Suits and Coats.

We show today an example of our latest Suit creations—and have many other styles just as handsome as the above at \$18.50 to \$28.50. We show Tourist Coats—Tan Covert Jackets and Silk Wraps for evening wear—and they are not at all expensive. Our Instep Walking Skirts are the newest and most correct models shown this season.

PROOFS THAT PROVE

"REGAL—the Shoe that Proves," is a claim based on undeniable facts.

The "Window of the Sole" proves in every Regal shoe genuine Oak Tanned soles—flexible, light, durable—tanned in our Regal tanneries by old-fashioned, slow processes.

The Buzz Saw proves honest Regal workmanship throughout—every detail, hidden or otherwise, of a standard to match the excellence of our famous King Calf uppers—the toughest, most pliable leather ever put into a shoe.

Regal excellence in these hidden qualities insures perfect shape retention and that lasting \$10 custom look, which marks Regals to the very end of their long, satisfactory wear.

Of all shoes which have left our factory none has proved Regal excellence in style, material and workmanship more conclusively than

"The Peg"

Just the shoe for young men who want advance style. Careful designing has removed any tendency to cramp the foot, and yet has accomplished that narrow toe with "slope" effect which, with the button style, makes a model approved by the most discriminating dressers. Like all the other 75 Regal styles, made in quarter sizes, insuring perfect fit.

\$3.50

Send for Style Book. Mail Orders promptly filled.
Sold direct from tannery to consumer. The largest retail shoe business in the world. 80 stores in principal cities from London to San Francisco.

Clothing That's Distinctive.

THE E. B. Clothing is made in such a modern and up-to-date manner that it is far superior to the ordinary "ready-to-wear" clothing. As everybody well knows, we are the makers of every stitch of clothing we sell. Our work rooms are located in Baltimore. We would be pleased to have you inspect the making of our garments at any time. We can truthfully state that no clothing in the world can compare with the E. B. productions. For almost fifty years we have been turning out the best ready-to-wear clothing that skilled workmen are capable of producing. We want you to see this fall stock—it is immense and embraces all the newest novelties for this season's wear. Men's single and double-breasted three-piece suits—made of the best quality worsteds, cashmeres, tibets, chevots, etc., \$15.

The Boys' Store.

EVERY little man is delighted when his parents bring him here to be clothed. Parents fully realize not only the saving in price, but the excellent quality that is found in our children's clothes. At \$2.50 we offer an excellent school suit, very serviceable and well made—an equal to any garment sold elsewhere at \$3.50.

Dressy Hats for Men.

IT'S an unusual thing for a Clothing Store to have a big Hat Department—and a big trade, too—still, we have both. It's really very easy to account for it when you consider our prices, combined with sterling quality. We've made this department popular by offering you the very finest Hats that our money could possibly buy. We started in on just that principle—"the best for the least." We call special attention to our \$2.50 winter styles—they're the very latest shapes in both soft and stiff hats. See window display.

\$300 Offered

to those who suggest the best name for our Combination Household and Sewing Machine. 1st prize, \$200; 2nd prize, \$150; 3rd prize, \$100. We invite all to participate in the contest. Contest closes November 1.

Our Brick Stain is guaranteed to give absolute satisfaction. No flat red on the market can compare with it.

MURPHY & CO., 1108 G St. N.W.

Handsome Pearl Opera Glasses, \$5.75.

REVOCATION OF PERMIT

PARTLY COMPLETED STRUCTURE DECLARED TO BE UNSAFE.

Building Inspector Directs That Walls Be Taken Down and Defects Remedied.

Building Inspector Snowden Ashford today revoked the permit for the construction of a new four-story brick building, on the grounds that the building is not constructed thus far in accordance with the building regulations, and that it is reported as unsafe, and therefore condemned by the building inspector under authority of law. The walls of the structure, it is stated, have been erected as far as the roof.

A special interest attaches to the revoking of the permit for this structure, as it is learned upon reliable information that it is proposed to use the building, when completed, as a warehouse for the storage of printing supplies for the Agricultural Department. The revocation of the permit will necessitate the stopping of the work on the building and the tearing down of part of the walls and the making of alterations to conform to the requirements of the building regulations.

In notifying the owner of the structure, John H. Walter, of the location of the permit today, Building Inspector Ashford states that the north and south walls of the building are leaning about three inches out of plumb, beginning at a point between the first and second stories and extending to the top of the walls, which, Mr. Ashford says, is about forty-eight feet above grade. The interior construction, he says, including beams and columns, is leaning about three inches to the south. It is stated that the building was settled to the south since the walls above the second story were erected, owing to improper bracing of the walls and other structural defects.

Previous Notice Alleged.

It is stated that the owner of the building has been previously notified of the defects in the building. Since these were not remedied the building inspector deemed it advisable to revoke the permit.

The permit issued for the construction of this building called for a four-story brick "office" building to be built at an estimated cost of \$25,000. The test for office building construction required by the building department is seventy-five pounds to the square foot. There was nothing in the application for the permit to indicate that the building was to be used as a warehouse. It is learned, however, from reliable sources that the structure is being erected to be used as a warehouse for the Agricultural Department. The District building office requires a test of 250 pounds per square foot for warehouse construction.

The police department will be notified today of the revocation of the permit for the construction of this building, and the officers will be charged with seeing to it that the work on the structure is stopped until the defects mentioned by the building office have been remedied.

ALLEGED TO BE IMPURE.

Complaint Against Water Taken From Well at Benning School.

The Commissioners have received a letter from Secretary Roderick of the board of education, requesting the District authorities to substitute a new well at the white school at Benning. Secretary Roderick mentions that for several years past numerous complaints have been made of the impure water in the well now used, and that in September last the District chemist reported to the board that an analysis of the water obtained from it showed that it was contaminated. It is also recalled that several months ago bugs of various kinds were found in water taken from the well, and the principal of the school made a vigorous protest to the authorities against requiring the pupils in the school to drink water so animated. The Commissioners have taken no action as yet upon the request of the board, but it is believed that some provision will be made to supply the school with suitable drinking water.

JUDGMENT AFFIRMED.

Appeal of Samuel C. Raub Dismissed by Higher Court.

The Court of Appeals yesterday in an opinion by Justice Shepard dismissed the appeal taken by Samuel C. Raub and affirmed the decree entered against him by the Supreme Court of the District of the suit of Henry Hurt, who filed a creditor's bill seeking to subject certain real estate held and owned by Raub to a judgment obtained September 23, 1897, by Mr. Hurt for about \$750, with interest and costs.

The decree of the lower court was affirmed on the ground urged by Mr. Hurt's counsel, Messrs. Chas. H. Merrill and Wm. E. Ames, that the answer was frivolous and manifestly taken for delay. The property which the lower court ordered sold to satisfy the judgment is situated near 15th and Ohio avenues, and on the line of the Pennsylvania railroad's new entrance into Washington.

When the bill was filed below counsel for Mr. Raub filed two answers to which exceptions were taken in behalf of Mr. Hurt, and both exceptions were sustained on the ground that the answers were evasive. Then an answer was filed by Mr. Raub squarely denying the existence of the judgment, and the case was set for trial. It was contrary to rule of court, and a decree pro confesso entered for the sale of the property. Thereafter counsel for Raub sought to file a plea alleging that the judgment was dead on the ground that no action had been taken on it for more than three years after the first return of judgment. The court refused to entertain the plea, and gave a final decree for the sale of the property if the judgment was interest and costs were not paid within thirty days.

From this decree an appeal was taken to the Court of Appeals, and thereupon Mr. Hurt's counsel moved to dismiss or affirm on the ground that the appeal was frivolous, inasmuch as the judgment was merely dormant and not dead and that Mr. Raub had full opportunity to present any defenses.

The Court of Appeals distinguished the case from Todd v. Galt, and granted the motion of Messrs. Merrill and Ames for judgment against Raub.

The court said: The defendant had the opportunity under the bill in equity to present the same defense to the suit that he would have had in an action at law upon the judgment, and there is nothing in his several answers and his plea that constitute a defense.

It is understood that steps will be taken to sell the Ohio avenue property if the judgment is not paid.

Royal Rock at Home.

Royal Rock, the bookkeeper for the Schlitz Brewing Company, who was reported to have disappeared from his home Wednesday morning, 49 stated in yesterday's Star that he returned from his trip to Baltimore on Capt. Boardman (twice yesterday, and shortly after 6 o'clock she sent a message giving the information that the missing member of the family had returned.

ALEXANDRIA AFFAIRS

COURT DIRECTS THAT REJECTED VOTER BE REGISTERED.

Joseph Horsemann Admits Theft of Two Barrels of Whisky—General and Personal.

Special Correspondence of The Evening Star.

ALEXANDRIA, Va., October 21, 1904.

An order was entered in the corporation court today, Judge Louis C. Barley presiding, which has the effect of overruling the decision of Registrar George Bossart of the second ward in declining to record the name of W. D. P. King as a voter in that precinct. Through his attorney, Howard P. Smith, Mr. King filed a petition in court yesterday afternoon setting forth that he had been a qualified voter in Alexandria for several years prior to 1897, that he then entered the service of the United States government in Washington, which made it necessary for him to reside in that city, though he always claimed Alexandria as his home. It was furthermore declared that from year to year he had complied with the constitutional provisions in the matter of registration, the payment of his poll tax, etc. It was stated that his application to register had been refused October 10, after the above facts had been communicated to the registrar.

Pleads Guilty and Asks for Mercy.

Joseph Horsemann, indicted for the theft of two barrels of whiskey from the store of M. R. O'Sullivan on Patrick street August 25 last, was arraigned before Judge Barley in court this morning. The prisoner entered a plea of guilty and asked for the mercy of the court. Commonwealth Attorney Erent said he believed Horsemann should receive lenient treatment, as it was his first offense and in view of the valuable evidence he had given in another case associated with his own. Taking these facts into consideration the court sentenced Horsemann to a jail term of six months and required him to pay a fine of \$5.

Alleged Obstruction of Pavement.

Mr. J. M. Pettey, who conducts a grocery store on King street between Washington and Columbus streets, appeared at police headquarters this morning in response to complaints that he had violated a city ordinance by obstructing the sidewalk with a display of groceries. No one appeared to support the charges and Mr. Pettey informed Justice Caton that he had only used a small portion of the sidewalk for the advertising of his wares. Justice Caton stated the opinion that the use of a few feet of the sidewalk for the display of goods does not constitute an obstruction in the sense of the law. Mr. Pettey was informed that he could proceed with his business as before.

Tomlin-Knight Marriage.

The marriage of Miss Edna T. Tomlin, daughter of Mr. and Mrs. William Tomlin, and Mr. Ferdinand Lewis Knight took place last evening at 8:45 o'clock at the residence of the parents of the bride, on South Fairfax street. The ceremony was performed by Rev. J. A. Jeffers of Trinity M. E. Church in the presence of a large gathering of friends of the two families. The wedding presents were numerous and handsome. After the ceremony Mr. and Mrs. Knight left for a trip to Florida. They will make their future home in Alexandria.

General and Personal.

Announcement is made of the engagement of Miss Janet Davidson, daughter of Mr. and Mrs. Francis J. Davidson, and Mr. Robert Beverly Minis of New York city. The marriage will take place the latter part of next month.

The remains of Mrs. Selma E. Horstman, whose death occurred Tuesday at the home of her mother, Matilda Horstman, in Washington, were brought here this afternoon for interment at the Hill cemetery. The funeral services were held in Washington.

In the corporation court this morning J. William Goods qualified as administrator for the estate of William J. Burroughs. The funeral of Mrs. Mary J. Wilburn took place this afternoon from the residence of her husband, Mr. Charles W. Wilburn, 330 Commerce street. Rev. J. H. S. Ewell of the Methodist Protestant Church conducted the services, and the interment was made in the Methodist Protestant cemetery.

The funeral of Mrs. Dolly Callahan, whose death occurred Wednesday, took place this afternoon from her late residence, on Duke street. Rev. Dr. Frank J. Brooke of the Second Presbyterian Church conducted the services.

"STIF" LOST HIS MONEY.

Pathetic Tale of Foreigner, Who Concluded in Strangers.

Stif Swerik, a Hungarian, told an appealing story to the police at headquarters today, and Capt. Boardman detailed Detective Berman to assist the heavy-hearted foreigner. Nearly three years ago Stif came to this country and found employment in the mills at West Newton, Pa. He saved his money, and started to return to his wife and three little children across the ocean yesterday, but was compelled to abandon the trip because he fell in the hands of confidence men on a Baltimore and Ohio railroad train. He gave up about \$300 in bills, which represents about \$600 in his native country. Yesterday morning he boarded a train at McKeesport with four of his fellow-countrymen. They were all to return to their native country, having saved enough of their earnings to make their families comfortable. Before leaving Pennsylvania numerous friends of the young man called on him and gave him messages to take to friends. It was with a light heart that he started on his homeward journey, but when the train reached Oakland and his services, and the baggage was heavy as lead, for then it was that he became aware that he had become practically a pauper.

Some little time after the train left McKeesport Stif made the acquaintance of two men on the train. There was every reason to believe that they were his fellow-countrymen, for they were able to speak his language, and one of them even went so far as to call the names of friends on the other side. His object in addressing Stif, he explained, was to ask him to take \$5 to his (the stranger's) wife. Stif was a stranger, and the stranger would write a letter for him to take to the wife, and he was so overjoyed at the prospect of seeing his own wife and babies in the near future that he was willing to do almost anything. The five-dollar bill was handed over, and when Stif took his book from his pocket and exhibited the roll of bills he was told that that was no way to carry his money.

The stranger explained that he should put the money in an envelope and seal it, and also offered to do it for Stif, and the latter willingly adopted his suggestion. The money was placed in an envelope, and a delicate envelope was handed to the passenger, in which there was nothing but some scraps of newspapers. Putting the letter envelope in his pocket, he resumed his seat, and again conversed with his friends. It was not until the train was near Baltimore that he suspected something wrong, opened the envelope and found what had happened to his money. Then he complained to the railroad employees and police, and a telephone message was sent to Capt. Boardman telling of the affair. Later in the day the man who had lost the money came here and told of what had happened to him. He gave descriptions of the men who were responsible for his loss. In all probability Stif will return to Pennsylvania and seek his old position instead of going across the ocean and seeing his wife and little ones.

Awaiting Result of Injuries.

Isaiah Coates, the colored driver who was arrested yesterday and looked up at the fourth precinct because of an accident to Patrick Hanrady, as stated in yesterday's Star, is still held at the fourth precinct station. The injured boy is still in a critical condition, but the doctors at the Emergency Hospital said this afternoon that he was doing well and has a chance to recover.

Merits a Wide Circulation.
